MBMA Adds Four New Members

CLEVELAND, OHIO – www.mbma.com: The [Metal Building Manufacturers Association](#) (MBMA) continues to grow with the addition of four new members. [Agilex Business Solutions LLC](#), [CertainTeed Corp.](#), [Mid-State Bolt and Nut Company, Inc.](#), and [Würth House of Threads](#) have all joined MBMA as Associate Members. There are now 74 total Associate Members in the association.

“Our members are the heart of the metal building industry,” said Tony Bouquot, MBMA general manager, “and they work tirelessly to advance the use and acceptance of metal building systems. With the addition of these three companies, we now have the largest number of associate members in our organization’s history, reinforcing our role as the voice of the metal building systems industry.”

With members producing approximately 28,000 new buildings each year, MBMA provides leadership, research, and educational resources for anyone interested in metal building systems and their benefits. MBMA has three membership categories: Building Systems members, made up of firms which design manufacture metal building systems; Associate Members, firms which provide goods and services to support the metal building industry; and A/E members, which include architecture and engineering firms and related service providers.

MBMA members work with industry professionals, educators, building code officials and others. They provide valuable services and information to the industry through their involvement in MBMA committees, leading to industry improvements and ground-breaking research. Member benefits include exclusive access to monthly, quarterly and

annual statistics, unique continuing education opportunities, access to CEOs and leaders of related industry firms and technical publication discounts.

Agilex Business Solutions, with headquarters in Port Washington, WI, provides recruitment and back office solutions to help businesses grow. CertainTeed Corp. has US headquarters in Malvern, PA and is a leader in both interior and exterior building materials, including roofing, siding, fencing, decking, insulation, trim and other products. Mid-State Bolt and Nut Company provides fastener and assembly components as well as logistics and other services. Its headquarters are in Columbus, OH. Würth House of Threads is based in Birmingham, AL. It offers innovative fastener solutions while providing assembly materials.

MBMA's members are continually working to inform and inspire the building community about the versatility and design flexibility of metal buildings. To learn more about membership opportunities, contact mbma@mbma.com.

Founded in 1956, MBMA serves manufacturers and suppliers as it works to promote the metal building systems industry. For over 60 years, its membership has supplied high-quality buildings for use in commercial, retail, office, industrial, institutional and other end-uses. The association provides a wealth of useful information on its website, MBMA.com, for anyone who works with or is interested in metal building systems. Resources include technical materials, research reports, videos and design guides.
